The Superintendent of Education briefly addressed the pupils.

Hon. John Robson presented the medal to Master Gowan, and addressed the pupils in a few well chosen remarks.

Inspector Wilson made a few remarks.

Chairman Hayward next addressed the boys.

Mr. Halliday called attention to a report in the *Colonist* stating that Trustee Heisterman said the teachers did nothing. The speaker alluded to the critical examination just gone through by the pupils and the successful passing of thirteen out of eighteen scholars from his division to the high school.

Secretary Walker then made a few remarks.

Trustee Heisterman promised a prize at the midsummer examination.

Coun. Higgins gave the pupils some seasonable advice.

Trustee Harris was not present, but also promises a prize at the July examination.

The proceedings were in progress when our report left.

Too much praise cannot be given Mr. Halliday and those associated with him in the boys' department for the high state of perfection to which they have brought their pupils in their several departments. Victoria has a right to feel proud of her school teachers and the pupils being trained by them.

POLICE COURT.

[Before Edwin Johnson, Q. C., S. M.]

The Magistrate was greeted this morning by a dock crowded with prisoners. Amongst the prisoners appeared the four seamen charged with deserting from the bark Don Nicholas, three maidens of the forest, one Mongolian, an Italian fisherman, and another white man.

Louise, an Indian, charged with drunkenness. Fined $5 or one week.

Lucy, another Indian, charged with vagrancy by Officer Walker. The defendant was arrested in an opium den in Chinatown. Fined $25 or two months in prison.

Ah Lang, supplying liquor to an Indian woman. Provincial Officer Miller arrested the prisoner on Store street. Fined $50 and costs or three months with hard labor.

Annie, charged with being in possession of an intoxicant. Discharged.

James Shannon, arrested by Officer Robb for being drunk and breaking a window on Fort street. Fined $10.

Pipette, *alias* Frank Scott, charged with maliciously wounding Joseph Larboune. Officer Robb swore to the information. Mr. McNab Stuart appeared for the prosecution and said that Larboune could not appear. Case remanded until Monday.

Four seamen on remand for deserting from the bark Don Nicholas. Mr. McNab Stuart appeared for the defense and entered a plea of not guilty.

Captain Howard appeared for the ship and said he was the ship's husband. The men were given money by the captain and deserted here. They deserted in order to cheat their landlords in San Francisco. My son is second mate of the ship and they were not badly treated. They should be put in prison and sent on board. There is no treaty between Great Britain and Bolivia.

His Honor—The men say they were badly treated and if that is true I will not put them on board.

Mr. Stuart said that the withdrawal of the plea of guilty takes the power from the hands of the Police Magistrate and the men should then be discharged. The men were shipped on a Bolivian vessel under false pretenses. They thought the Don Nicholas was an American coaster and although a Bolivian Consul resides in San Francisco they were not shipped by him.

His Honor said that the plea was withdrawn and without the consent of both parties the case could not be proceeded with. The seamen were discharged.

THE PRICE CASE

Being Heard To-day by the Police Magistrate—Closed Doors.

A large crowd were at the Polic Court this afternoon to witness the preliminary examination of George Price, charged with administering poison to his daughter, Mary Price. Mr. Taylor, Eberts & Taylor, appeared for the defence, and on his request, Price was allowed to sit alongside his attorney.

Mr. Taylor requested that the case be heard with closed doors, as some indelicate questions would probably arise.

The public were excluded, but the reporters were allowed to remain.

Dr. Milne, sworn—Have examined candies and sweets produced. They were given to me by Mr. Lombard and Officer Miller (package marked "D"); I told them I thought the candies contained cantharides, or Spanish fly; examined them under the microscope and found it was Spanish fly; candies were split open and the cantharides placed inside. Cantharides is prepared in different ways; this was the crude article, with the wings perceptible. There was from one to two grains in each candy; the drug in a large quantity is a poison. Later in the afternoon Mr. Lombard brought the candies produced and marked "C." One contained about a grain or a grain and a half of powdered cantharides; the other was not split open but was slightly discolored. Twenty-four grains of powdered cantharides has been known to produce death, but much less might. One or two grains have been known to produce very bad effect to those who are susceptible to its influence. Four of the seven candies produced (marked 'n') contain Spanish Fly. Box produced contains Spanish Fly to the amount of two drachms or 120 grains; package produced contains 253 grains; one of the first candies given me would produce *diuritic*; in larger dose it would produce vomiting, heat in the stomach and prostration, which might result in death; saw prisoner in gaol yesterday; he said he purchased the Spanish Fly at Tacoma and used it for blistering his stomach.

To Mr. Taylor—This is an irritant poison; there are certain kinds of animal food that produce symptoms of irritant poison. The dose does not have to be near as large to operate on the genital as on the digestive organs. According to medical authority 24 grains is the smallest amount known to produce death. The only way I tested them was by the eye and microscope. In this case the sublimating process is not as reliable as with the glass.

THE BUSINESS COLLEGE.

It Meets with the Approval of the Public—Its Permanency Assured.

The establishment of a business college in our city is now no more a matter of experiment, but a success. An institution that will fit our young men and women for the active duties of every day business life, has long ago been a necessity, but until now no one has ventured to organize such a school. A large number of young folks of both sexes were on hand last night to inquire as to the *modus operandi* to be pursued by the college, and the major portion of those present showed their appreciation of this fact by signing the membership roll, some only for instruction in the elementary branches, but the majority for full scholarship. Some of our most influential business men have already had complete business courses issued them for their children. The greater part of the evening was spent in determining upon the hours of study and the selection of text books, and upon putting these matters to the vote, it was decided to choose two and one-half hours during five evenings of the week for tuition, namely from 7:30 to 10 o'clock, but owing to the large number who have promised to enter the college after the holidays, it will be necessary to hold day sessions also after that time. Mr. Van Aukan is in daily receipt of communications from parties residing in adjacent towns, making inquiries in regard to the school in view of attending same.

CANADIAN NEWS.

EVERYTHING EQUAL.

TORONTO, Dec. 15.—A cable to the *Mail* says: The *Canadian Gazette* is officially notified by cable from Montreal that all the difficulties between the transcontinental lines have been settled, the Canadian Pacific being put on an equal footing with its rivals.

BANK DISCLOSURES.

The excitement over the Central Bank disclosures continue. The shareholders express a determination to make the directors suffer. Intense indignation has been aroused by several cases of widows, with families, who were shareholders, being left penniless. The directors are making a scape-goat of Cashier Allen, who is seriously ill.

SHOT BY DETECTIVES.

George Brown, a bar tender of Port Perry, was shot by Scott Act detectives, McRae and Dennon, at Myrtle Station during a *melee* last night, and died this morning. There is great excitement throughout Ontario county over the affair. Dennan has not yet been arrested.

A BOMBA.

Annie Burke, aged twenty-two, a daughter of William Burke, a gardener has confessed to poisoning her mother who died Tuesday. She had threatened to poison the whole family, and recently attempted to stab her father.

WRIT ISSUED.

MONTREAL, Dec. 15.—The Supreme Court yesterday granted a petition asking that summonses be issued against McShane, Minister of Public Works, and Aime Bowrass, for alleged bribery and corruption in connection with the Lapracie election. The writ is returnable January 18th. A determined effort is being made to unseat McShane.

FROM THE CAPITAL.

OTTAWA, Dec. 15.—It is feared the adjournment of the Fisheries Commission till January may delay the opening of Parliament, although it may meet January 26th.

It is stated that Sir John will not resign his seat for Carleton until the decision of the protest against Edwards in Russell is given.

P. Garvin, ex-M. P. P., Prince Edward Island, and for many years an extensive lobster packer there, is *en route* for British Columbia where he will invest capital in fisheries.

Hon. G. E. Foster, Minister of Marine and Fisheries, arrived from Washington yesterday. He will not say anything about the fisheries negotiations.

Hon. A. W. McLelan, Postmaster-General, has gone to Washington with the object of making arrangements between the two countries for a parcel post service.

In the Supreme Court yesterday, Perry, Liberal, was confirmed in his seat for Prince County, P. E. I. Hackett, the defeated candidate, was the petitioner.

THE LAST SPIKE EXCURSION.

SAN FRANCISCO, Dec. 13.—The official announcement is made to-day that the excursion to Oregon to witness the driving of the last spike on the California and Oregon railroad, will leave here next Friday. The ceremony of laying the last rail will occur at Ashland at 2 p. m. on Saturday.

OFF THE TRACK.

TO THE EDITOR OF THE TIMES:

SIR—Coun. Higgins, as usual, when beaten in argument resorts to an unprincipled attempt to place me in a false position before the people of this city. In the *Colonist* of this morning he states that "I am opposed to the 16-inch main on business principles." My letter of last evening in THE TIMES will not bear any such construction. What I am opposed to is the unbusiness manner in which he and other councillors brought the scheme before the Council. I will discuss with him, or any one on his behalf, this question on its merits. Another untruthful statement made in the same journal I am called upon to refute, viz: "Coun. Grant goes into an array of figures to show why the Summerfield scheme should not be carried out at present." I answer that this is not true; I went into figures to show that Councillor Higgins was entirely wrong in his statement of the standing of the water works account. In fact, he does not appear to know anything about it, and I may have an opportunity to prove this at another time. Coun. Higgins tries to make it appear that Mr. Summerfield was about to give the information about the cost of the new scheme, but was stopped by the Mayor. This is not true. But tell us, Coun. Higgins, why you refused the request of the Water Committee, viz., that Mr. Summerfield be instructed to furnish the Council with an estimate of the cost of his scheme? Will any one say that this was not a reasonable demand? I think not. Why, sir, a scavenger would not enter into an arrangement for the removal of night-soil without first ascertaining the probable outlay connected therewith. Coun. Higgins again hopes that I will stand by the Hendry scheme. He knows that I do not advocate that principle, and I challenge him to point out where I have done so since Mr. Keefer pronounced against it.

COUN. GRANT.

A Satisfactory Showing.

At the recent annual meeting of the Hudson Bay Company in London, President Colville said that all the vessels from Hudson Bay had arrived safely. The fur returns exceeded last year's, and he expected a fair profits on the sales of next year. General trade was assuming a pleasanter aspect. The company was doing a very good business in Manitoba, and there was a marked increase in British Columbia. The Dominion Government had acted fairly regarding rebellion claims, and they expected a fair share of land sales next year. Altogether the prospects are most satisfactory. Emigration would also probably be much larger. The discussion altogether was friendly to the board. The usual attempt was made to induce the directors to consider the advisability of launching out in various directions, but President Colville threw cold water on all the suggestions and the report was adopted. Sir Donald A. Smith and Messrs. Russell and Sandford Fleming were re-elected directors.

—It is hinted that turkeys are going up in price, and that before Christmas they will sell at 25 cents per pound. Probably a turkey "must" has been started here, or else the "bulls" have cornered the market.

In Seattle last April, Mr. Taylor Tiedemann, of this city, and Miss Josie Barfoot, of Seattle, were united in marriage. Mr. Tiedemann is now employed in San Francisco, and his wife recently left here for Seattle to join him.

WHITHER ARE WE DRIFTING?

A few days since we referred to the fact that the proceeds of the million dollar loan made by the Provincial Government was disappearing as rapidly as would snow upon our streets under the rays of a sweltering July mid-day sun. We then pointed out that the contention of the *Colonist* that some weeks since there still remained a sum of $750,000 unexpended and to the credit of the province in the bank, was entirely misleading. We charged that the writer—said to be the Provincial Secretary—knew the statement he was making through the government's apologist was erroneous, and consequently intended to lead the electors astray. Our contentions as to the proceeds were correct, for the bank statement for October appearing in the Canada *Gazette* up to the 31st of last October, revealed the fact that but some $563,000 remained in the Bank of British Columbia on call to the credit of this province. Granting, for argument's sake that the statement made by the *Colonist* was correct, and that on the 30th of last June there remained the $750,000 to the credit of the province, it must be apparent that the expenditure from that date to the 31st of October must have been of an extraordinary, nay positively alarming nature. To the sum named $750,000 as being at the credit of the province, must be added the half yearly subsidy of $100,000 and a pro ratio of the annual revenue, say $150,000, which gives us a total of $1,000,000 to begin the current half-year with. In three months of that period the expenditure has been in the neighborhood of $440,000.. The balance of $560,000 is practically hypothecated, for out of that sum $200,000 was voted as a subsidy to the Shuswap and Okanagan Railway; $180,000 by way of a loan to mining companies, upon complying with certain requirments; the sum of $25,000 for the Royal Jubilee Hospital to be erected in this city. These items foot up to a total of $400,000. Then there is the Mounted Police expense guaranteeing the peace in Kootenay, which many claim will cost the province a very heavy amount, possibly $100,000. We have thus shown that when the Assembly meets the proceeds of the million dollar loan will be expended and a considerable deficit in addition thereto is certain to exist. These are cold facts for the electors to reflect upon. When the organ comes to dissect them it finds itself dumb and unable to confuse the correctness of our assertions. Hence its stolid silence.

CROFTERS FOR BRITISH COLUMBIA.

The London correspondent of the Edinburgh *Scotsman* writes that journal that "it is a remarkable and, it may be hoped, an auspicious coincidence that to-day, while Lord LOTHIAN was engaged with this most unpleasant business, he was waited upon by the representative of the Government of British Columbia with special reference to the emigration of Highland crofters. This official was, I understood, authorized to make a definite proposal to the Scottish Office on behalf of his Government. I have formerly explained that the scheme which Lord LOTHIAN matured a few months ago was for the moment shelved, because, after it had been before the Cabinet, the Treasury was supported in demanding a guarantee of repayment both of capital and interest. This condition the Government of British Columbia are now prepared to fulfill, provided that the rate of interest insisted upon by the Treasury be not deemed too high. In his interview with Lord LOTHIAN, Mr. BEGG, the Commissioner, explained fully the scheme which his Government will carry out in the event of an agreement being come to. The site of the proposed settlement is on the Pacific Coast of Vancouver's Island. There land and employment can, it is stated, be provided for 1000 families. The land would be apportioned in lots varying in size up to 100 acres. But, besides purely agricultural settlers, Mr. BEGG desires to get fishermen and craftsmen, such as carpenters. To the fishermen allotments of ten acres or more would be assigned. Mr. BEGG urges in commendation of British Columbia that its climate is better than that of the provinces east of the Rockies, that its mineral and timber wealth is great, and that as a matter of Imperial policy the British government would do well to encourage the settlement of loyal and hardy Highlanders along the Pacific, inasmuch as this position may become of great importance in time of war. Lord LOTHIAN was, I am informed, much interested in Mr. BEGG's statement, and promised that it shall have his full consideration. In the event of the government being prepared to go into the negotiation, the main point of difficulty will probably be the rate of interest to be guaranteed. The British Columbia authorities are not inclined, I understand, to become responsible for the 3½ per cent. asked some time ago by the Treasury; but if the scheme be otherwise feasible and promising, it may be hoped that it will not split on a question of fractions.

CITY COUNCIL.

Regular Meeting Last Night--Business Transacted--Tenders Read.

Last night the regular weekly meeting of the City Council took place. Present, His Worship Mayor Fell and a full Council, excepting Couns. Barnard.

After reading the minutes of last meeting, Coun. Higgins arose to a question of privilege, saying that it appeared that an appeal signed by himself and Coun. Braden did not appear on the minutes. Afterwards the Council passed a motion ordering the Clerk to place the appeal on the minutes. It appears now that the Mayor signed the minutes above the record referred to and not in the usual place.

His Worship—I will examine into it and let you know.

Coun. Pearse rose to a question of privilege in reference to an article which appeared in the leading columns of the *Colonist*. An error exists in that article and the Councillor wished to emphasize that the newspapers in copying documents should do so correctly.

COMMUNICATIONS.

From Drake, Jackson & Helmcken informing the Mayor that unless he signed the contract, a writ of mandamus would be issued in three days.

Coun. Pearse wished to know whether His Worship would appear.

His Worship—Yes, it will be attended to.

Coun. Grant wished to know whether the letter was private or public.

His Worship—I cannot tell.

From J. O'Connor stating that his land is overflowed.

Coun. Styles said the matter is being attended to and a report will be brought in.

Coun. Grant thought the question should be referred to the Street Committee to report. Carried.

From the legal adviser in reference to the report of the Supt. of Police and stating that no legal interference would be necessary.

The following letter was read from Mr. Edwin Johnson, Q. C. It was addressed to His Worship the Mayor and Council:

SIR,—I acknowledge, with sincere thanks, the flattering resolution of the Council asking me to reconsider my resignation, and the kind remarks made by Your Worship and other members of your Council on the occasion. If any Councillors made remarks of a different character, I did not hear them. Having taken so serious a step on public grounds and after due consideration, I do not think it right to turn back; but the resolution and this acknowledgment will be evidence of our mutual good will.

Yours, very respectfully,
(Signed) EDWIN JOHNSON.

Coun. Higgins moved that the resignation be accepted, and the two communications recorded on the minutes. Seconded by Coun. Pearse and carried.

From Messrs. Drake, Jackson and Helmcken, informing the Council that legal steps would be taken unless the salary of Mr. Hargreaves is paid before Friday.

Coun. Pearse considered that it was very wrong on the part of Coun. Barnard, who promised to see Mr. Hargreaves and try to get a reduction, not to have done so. Two letters were sent to Mr. Hargreaves and no reply returned. Coun. Pearse moved that the Council resist the claim.

Coun. Vigelius said he was not in favor of a lawsuit; if a mistake was made it was a mistake of the Council. The Council had one lawsuit and did not require any more. Coun. Vigelius moved that the matter be referred to the Finance Committee.

Coun. Grant thought that Messrs. Drake, Jackson & Helmcken should be interviewed and perhaps they would defer the matter and make some reduction.

The motion made by Coun. Vigelius was seconded and adopted.

From J. C. Shore, referring to an overflow on Rock Bay avenue. Moved by Coun. Coughlan that the matter be referred to Street Committee; seconded by Coun. Styles and carried.

From Col. Holmes, referring to the necessity of a few loads of gravel near the Agricultural Hall. Referred to Street Committee.

From J. R. Robins, asking for permission to remove some earth from Beacon Hill. Received and filed.

From a number of ratepayers, regarding a sidewalk of Carr street. Coun. Higgins thought a sidewalk would be a great convenience in the locality, and the Street Committee should attend to it.

Coun. Grant said that no doubt a sidewalk is required, and the Council were attempting to place walks wherever possible.

The matter was left in the hands of the Street Committee.

From H. F. Benson, on behalf of 33 residents of Spring Ridge, in reference to erecting two lights near the Ridge. Referred to Electric Light Committee.

From R. Porter, for permission to hang meat over the sidewalk during Christmas week. Permission granted to all butchers.

From Ellis & Co., stating that a holiday number would be issued, and asking the Council to aid them by subscribing for 1500 copies at 15 cents per copy.

Coun. Pearse said that he would oppose the subscription, as money was required for the streets.

Coun. Vigelius said a foreign paper received an order some three months ago for 3000 copies. We should assist all our local industries, and if we wish to help our own people we should subscribe for the paper. Coun. Vigelius moved that the communication be referred to the Printing Committee with power to act; the cost not to exceed $225. Seconded by Coun. Styles.

Couns. Coughlan and Braden spoke in favor of the motion. The latter thought a picture of His Worship should appear in the holiday number.

His Worship—Perhaps your picture with that of Coun. Higgins will appear.

Coun. Harris moved the first reading of the by-law to allow the riding of a tricycle on the sidewalk on payment of $50 was introduced.

Coun. Vigelius said this by-law was for the rich man at the expense of the poor. The sidewalks are for people to walk on and not for people to ride tricycles on.

Coun. Pearse said he agreed with Coun. Vigelius. The sidewalks are for pedestrians and not for the one or two rich men who will pay the license.

Coun. Harris did not think the streets in the centre of Victoria would be used by those who ride bycicles.

Coun. Grant said we all know and respect the gentleman who wishes this license, and no doubt he receives very healthful benefits from the recreation. The Councillor thought that the by-law should be withdrawn.

Coun. Harris withdrew the by-law.

Coun. Grant gave notice of a by-law to regulate the election of Mayor and Council.

TENDERS READ.

From H. H. McDonald, to lay a stone crossing on Government street at the corner of Bastion at $2 30 per foot, stone to be granite. Tender accepted.

From J. E. Phillips tendering to construct the crossing at $3.50 per foot.

His Worship said he would not put any motion on the tenders for trepching and the Councillors could open or leave them until the legal points in connection with the contract s was finished.

Coun. Pearse thought the tenders should not be opened until the legal question was settled.

Coun. Higgins said he would vote for opening the tenders.

His Worship—It is quite natural that you would.

Coun. Grant said that it is possible the question before the court would be settled on Friday. There was no objection on his part provided the work is done by day's labor. It would not be wise to pass a contract if there is no money to pay them. The Council are personally responsible and through business principles he considered that the opening of tenders should be postponed for one week.

Coun. Styles said the Water Commissioner's report was adopted and included the work for which tenders is called.

Coun. Grant asked Coun. Higgins whether His Worship should attach the seal to a contract which is illegal.

Coun. Higgins said he would answer that the contract with the Albion Iron Works is not illegal.

His Worship—We have had enough of this.

Coun. Higgins—Order, sir.

His Worship said there was a lot of talk about assisting unemployed labor. If the Councillors wish to assist the laborers they should not give the work to contractors. Monopolies generally lead to swindles and he was in favor of the way municipal work is done in Montreal.

Coun. Styles moved that the tenders be now opened. Seconded by Coun. Coughlan. Ayes—Couns. Styles, Higgins, Coughlan, Harris and Braden. Noes—Couns. Pearse, Grant and Vigelius.

Coun. Pearse suggested that the tenders be referred to the Water Commissioner.

Coun. Harris moved, seconded by Coun. Braden, that the tenders be referred to the Water Commissioner to report at a special meeting. Carried.

Tenders for 385 tons of distributing pipes, as follows, were opened: Turner, Beeton & Co., $33.95 per ton; Findlay, Durham & Brodie, $39.80 per ton, to be delivered in eight months; Welch, Rithet & Co., $37.82 per ton, to be delivered in June; R. Ward & Co., $42.22 per ton.

Coun. Higgins moved that the tenders be referred to the Water Commissioner to report. Seconded by Coun. Braden and carried.

REPORTS READ.

From the Police Committee, informing the Council that Officer Miller is entitled to half of fine in the case of Cummings. Moved by Coun. Vigelius that the report be adopted, which was seconded by Coun. Pearse and carried.

The Street Committee presented a report.

His Worship wished to know whether any funds remained in the hands of the Treasurer.

Coun. Styles replied that there remained $5,000 for street work and the incoming Council will have a nice little nest egg for street work.

A communication from Mr. Russell stated that fourteen declarations were before the Council which were not properly made out.

Coun. Styles moved that the communication be received and the names placed on the voters' list. Seconded by Coun. Braden and carried.

RE PAWNBROKER'S LICENSE.

Coun. Harris moved that no pawnbroker's license be granted to Chinese.

His Worship said he inquired into the matter and found that they could tender the license fee and could start in business in spite of the Council.

Coun. Braden was in favor of the motion because many petty thefts would be prevented by refusing to provide them with licenses of this description.

Coun. Grant did not think the power to open pawn shops should be given to Chinese. A Provincial law is necessary and the Council should apply to the Legislature.

Coun. Harris said it was a very dangerous thing to license Chinese pawn shops.

Coun. Coughlan moved that the appointment of Mr. Liddell as Foreman of No. 2 Company be confirmed. Seconded by Coun. Higgins and carried.

Council adjourned at 10:30 until 11 a. m. Saturday.

Day and Night

During an acute attack of Bronchitis, a ceaseless tickling in the throat, and an exhausting, hacking cough, afflict the sufferer. Sleep is banished, and great prostration follows. This disease is also attended with Hoarseness, and sometimes Loss of Voice. It is liable to become chronic, involve the lungs, and terminate fatally. Ayer's Cherry Pectoral affords speedy relief and cure in cases of Bronchitis. It controls the disposition to cough, and induces refreshing sleep.

I have been a practising physician for twenty-four years, and, for the past twelve, have suffered from annual attacks of Bronchitis. After exhausting all the usual remedies

Without Relief,

I tried Ayer's Cherry Pectoral. It effected a speedy cure.—G. Stoveall, M. D., Carrollton, Miss.

Ayer's Cherry Pectoral is decidedly the best remedy, within my knowledge, for chronic Bronchitis, and all lung diseases.—M. A. Rust, M. D., South Paris, Me.

I was attacked, last winter, with a severe Cold, which grew worse and settled on my Lungs. By night sweats I was reduced almost to a skeleton. My Cough was incessant, and I frequently spit blood. My physician told me to give up business, or I would not live a month. After taking various remedies without relief, I was finally

Cured By Using

two bottles of Ayer's Cherry Pectoral. I am now in perfect health, and able to resume business, after having been pronounced incurable with Consumption.—S. P. Henderson, Saulsburgh, Penn.

For years I was in a decline. I had weak lungs, and suffered from Bronchitis and Catarrh.—Ayer's Cherry Pectoral restored me to health, and I have been for a long time comparatively vigorous. In case of a sudden cold I always resort to the Pectoral, and find speedy relief.—Edward E. Curtis, Rutland, Vt.

Two years ago I suffered from a severe Bronchitis. The physician attending me became fearful that the disease would terminate in Pneumonia. After trying various medicines, without benefit, he prescribed Ayer's Cherry Pectoral, which relieved me at once. I continued to take this medicine, and was cured.—Ernest Colton, Logansport, Ind. ††

PERSONAL AND POLITICAL.

Representations have been made to the Dominion Government by the Washington authorities that Chinese are being smuggled into the United States from British Columbia. It is charged that they are brought from China in the C. P. R. steamers and permitted to pass through Canadian territory into the United States. The remedy proposed by the Americans is the assimilation of the Canadian and United States' laws relating to Chinese immigration and the opium traffic. The landing of Chinese in the United States is prohibited by law altogether, while they are allowed to land in Canada on payment of a duty of $50 per head. It is alleged that thousands of Chinese have made their way into the United States via British Columbia during the past few months, by means of small boats and trails across the boundary line from New Westminster, and it is pointed out that Chinese are liable to cross the frontier anywhere between Montreal and the Pacific coast. It would take an army of officials to guard the whole line.

Another test case has been decided by the Supreme Court, in which the contending parties were the Dominion of Canada and the Province of British Columbia. An Ottawa dispatch of the 14th inst., announces that the appeal case of Regina vs. Farwell was allowed by the Supreme Court with costs, which means that the decision is against this province. The judgment reverses that of the court below upon the filing of an affidavit of the chief engineer of the Canadian Pacific to establish the date of the location line if respondent required it.

A movement is on foot to appoint Gen. Middleton to the permanent command of the Canadian forces.

Spreading Out.

Whilst in Vancouver a few days since, the Hon. John Robson, who occupies in this province a position analogous to that of Minister of Education, made arrangements to enlarge the school accommodation for that city. Four additional lots have been secured on Barrard Avenue for the sum of $2480. It is proposed to erect buildings there worthy the growing importance of terminal city, in the spring.

Quick Dispatch.

It must be highly gratifying to the officials of the Northern Pacific Railroad to know that the efforts to maintain quick dispatch are appreciated. Nenfelder & Ross' large shipment of Christmas fruits only left New York on the 28th of last month, owing to delay of arrival of steamer. Mr. Irving notified Mr. S. G. Fulton, Assistant General Superintendent, Portland, and in consequence the goods reached this city in thirteen days.

Neil Burgess in "Vim."

The great eccentric comedian and his excellent company will commence a two nights' engagement at the Victoria Theatre on Monday evening next. Speaking of Mr. Burgess and his company the Sacramento *Record* says: If success in keeping a large audience in a continuous roar of laughter for three hours, with but a few moments of intermission to allow the people to catch a breath for fresh hysterical exercises, is a measure of excellence, then Mr. Burgess and "Vim" rise superior to anything ever presented here before. Secure seats at Waitt's Book Store at once.

License Expired.

The license of the steamer North Pacific expired yesterday afternoon at 6 o'clock, and on account of the condition of her boiler, the local inspectors refused to extend her license for an hour. The result was that as soon as she reached Tacoma last night from Olympia, she transferred her freight and passengers to the Emma Hayward, and went to the boneyard. The company will at once order new boilers for the North Pacific. While she is laid up it is understood the Idaho and Emma Hayward will peform the up Sound service, connecting with the Olympian at this point.—*Seattle P. I.*

'Vim' the funniest comedy ever written.

The Deadly Purse Seine.

Among the reports which have reached us from Washington, is one to the effect that the British Commissioners have asked for the abolition of fishing by means of purse seines. Mr. Tilton, Dominion Deputy Minister of Fisheries, has stated that the purse seine was the most destructive mode of fishing known. It is a comparatively new invention, not having been in use many years. When it is used it destroys everything that is taken in the seine, and often a much larger percentage of fish are thrown away dead, being smothered in the seine, than those which are taken of a marketable size and in saleable condition. This mode of fishing is used exclusively by American fishermen, who have imparted a knowledge of its operations to Canadians. As yet we have not heard of its being in operation in this province.

—The matrimonial market of Seattle is firm, with an upward tendency. On Tuesday last five marriage licenses were issued; a pretty good record for a small city. The nuptial knots are often tied by a judge, and pretty often untied for that matter.

LICENSING COURT.

(Before His Worship Mayor Fell, Edwin Johnson, Q. C., S. M.; Robert Ward, J. P.; T. Shotbolt, J. P.; W. Dalby, J. P.)

Transfer granted from L. LeLouis to W. Bayley, at the corner of Government and John streets.

Transfer granted from Mr. Pagden to Mr. Scott.

Transfer from D. Ellis to Geo. Bossi. Granted.

The transfer of Mr. Bayley's license to Mr. Jensen was granted.

Transfer granted from Mrs. Astrico to J. Merrifield.

Transfer from Thos. Shaw to Bradbury & Barr. Granted.

D. F. Fee applied for a license to sell liquors at the corner of North Park and Quadra streets. Mr. Gannaway appeared for Mr. Fee. License refused.

Mr. E. Bodwell applied for a transfer at the Club Theatre from E. D. Norton to J. Roller.

Supt. Bloomfield said there were no complaints against the Club Theatre. There was no immorality in the house.

His Worship said the transfer made by Mr. E. D. Norton makes Mr. Theo. Davie proprietor of the Club Theatre.

Mr. Bodwell applied for a permit to lay the matter over until the next meeting of the Court, and that Mr. Roller be allowed to sell liquor until the next sitting.

The court decided that the temporary license be granted.

A transfer from John Hill to Mr. Bechtel for permission to sell liquor at the Vancouver Hotel. Granted.

Joseph Keith and J. McBride applied for a transfer from W. VanAllman to the applicants.

Mr. Johnson could not understand how Mr. VanAllman owned the Hotel when Mr. Dawley swore a few days ago that he owned it.

Mr. Bodwell said that the words used were that he is proprietor. Mr. Dawley claims that he did not use the words "that he was owner."

His Honor said that there is no doubt that Mr. Dawley said he was the owner.

Supt. Bloomfield said there were no complaints before the recent Chinese assault case. The hotel is properly conducted and is used as a lodging place by respectable white men.

His Worship—Have you never heard any complaints against this hotel?

Supt. Bloomfield—No, I have never heard any complaints.

His Worship—It is strange that people come to me with complaints.

The license was laid over until next sitting of the court. The power to grant a temporary license was left in the Mayor's hands.

From R. McDermott, to sell liquor at the Boomerang saloon. Granted.

Supt. Bloomfield said that he received complaints regarding some saloons which are not conducted properly. Complaints were received against the Bee Hive saloon. The parents of children complain and they promised to appear against the proprietor. Mr. McNab Stuart said no boys are allowed in the house. One case of a nightwatchman using violence in the saloon did come up some time ago; but no one had complained to the proprietor.

The Superintendent said that complaints had been received regarding the way another saloon, the Prince of Wales, was conducted. Mr. McNab Stuart appeared for the proprietors and said the people frequenting the houses required liquor, and no one excepting Indians could be refused liquor.

Strange Rumor.

Says the New Westminster *Guardian*: "Mr. Robson's presence in this city during the last few days has given rise to much speculation and some ingenious person has suggested that his main object was to induce Mr. Bole to accept the Attorney-Generalship and join the present Ministry. We do not think that this can have any foundation in fact, because Mr. Bole is too shrewd to join a Ministry *in extremis*, and then be was elected to oppose the Government. It may be possible that Mr. Robson seeing the desperate straits of the present administration and their early fall, may have attempted to induce Mr. Bole to change sides, but we cannot think he will succeed." We give the foregoing for what it is worth. At times strange combinations take place, but it is highly improbable that Mr. Bole will be tempted to accept office in a ministry whose days are numbered and are as certain to fall as that two and two make four.

THE GAVEL'S POWER.

TO THE EDITOR OF THE TIMES:

SIR—I see by this morning's issue of the "Naughty Boys' Own" that the would be next nominee for the mayoralty is very much offended, and took a brother councillor to task for not being allowed to answer a question. Will he kindly state whether, in any legislative or other assembly, it is consistent with order to speak across the floor without first addressing the chair? I hope he will get a copy of parliamentary rulings and study it, for with his present knowledge he makes himself obnoxious everywhere. He knows it is not the first assembly where the authority of the gavel had to be used to make him behave himself.

Catarrah, Catarrhal Deafness and Hay Fever.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever is cured in from one to three simple applications made at home. A pamphlet explaining this new treatment is sent free on receipt of stamp, by A. H. Dixon & Son, 305 King street West, Toronto, Canada.—*Christian Standard.*
